

Karl Knuth GmbH & Co.KG as official distributor for Helkama in Germany, in the field of ship and marine cables (VG95218 T060)

Since March 2023, Karl Knuth has been the official distributor for Helkama ship and marine cables. The Karl Knuth company has an extensive range of the corresponding types in stock (including MGSGO, LKM-HF, LKSM-HF, RFE-HF, LKAM-HF, etc.), and offers availability and fast delivery.

Helkama stands for quality, flexibility and reliability. They offer cabling solutions and manufacture different types of cables for marine, telecom, industrial, offshore (SHF2), fiber optic, instrumentation and fire-resistant applications. Helkama exports yearly to more than 60 countries all over the world.

"With Karl Knuth GmbH & Co. KG, we have found a well-known sales partner in the field of ship and marine cables and look forward to a good and long-term cooperation," says Mr. Klaus Moorlampen, Senior Sales Executive, Germany, Helkama.

The strengths of Karl Knuth GmbH & Co. KG lie in the fast processing of customer-specific requirements such as cutting, labeling and taping. A just-in-time delivery of almost all common cable types according to individual customer requirements from one of the largest ship and marine cable warehouses in Germany is possible at any time and offers maximum flexibility in project management.

From now on you can get Finnish cables in Friesland!

The company Karl Knuth GmbH & Co. KG with its strong partners and decades of experience in the field of ship and marine cables belongs to the RS Group, which also includes Rudolph Schulze GmbH and the RS Heise Schiffs- und Industrietechnik GmbH & Co .KG count.
